

HOW TO MEASURE

MEN / UNISEX

1. NECK

Measure the collar/neck size around the base of the neck. Leave about a finger-width gap for comfort.

2. CHEST

Measure around the biggest part of your chest, running the tape under the arms and across the shoulder blades.

3. WAIST

Measure around the waist keeping one finger between tape and body. Measure at the naval.

4. INLEG

Measure the inside of the leg from the crotch to the top of the heel of the shoe.

LADIES

5. BUST

Measure around the chest, running the tape under the arms, around the fullest part of the bust and across the shoulder blades.

6. NATURAL WAIST

Measure around the central part of the torso where the natural waistline sits (find the natural crease by bending to one side).

7. LOWER WAIST

The low waistline sits around 4cm below your naval. Run tape around this area to measure.

8. HIP

Measure around the fullest part of the top of the hips, keeping your feet together.

FOOTWEAR

- Wear your normal working socks and stand with your heel against flat wall.
- Mark the longest distance from your heel/wall to the tip of your toe.
- Measure the length of both feet and fit the longest foot.
- If measurement result is in between two sizes, choose the larger size.
